INDOCHEM OILS QUALITY COMMITMENT

Quality Manufacturing

- Indian Independent Manufacturer
- Technical expertise in oils, greases and speciality lubricants.
- Two dedicated manufacturing plants with an installed capacity of 20,000 metric tons per annum
- New plant with ultra-modern production facilities and fully automated production lines, with annual production capacity of 1,00,000 MT, to become operational in January 2025
- Certifications: ISO 9001-2015, ISO 140001-2015

INDOCHEM OILS R&D

Research & Development Lab

- In house R&d
- Customised Product Development
- Contract Research
- Ever evolving formulations
- All the tests conducted by the technicians are carried out in accordance with:
 - > BIS (Bureau of Indian Standards)
 - > ASTM (American Society For Testing And Materials)
 - > API (American petroleum Institute)
 - > JASO (Japanese Automotive Standards Organization)
 - > SAE (Society of Automotive Engineers)

ABOUT US

BUSINESS : LUBRICANTS & GREASES

- ☐ We Market our products in Brand "Indochem" - PAN India.
- ☐ Also Export to SAARC & Middle East countries.
- ☐ Also Export to SAARC & Middle East countries.
- ☐ Indochem is one of the preferred name for all the Large and Reputed Brands for Private labelling.
- ☐ Approved vendors Status among Indian National Oil companies
 - ✓ Bharat Petroleum Corp. Lt
 - ✓ Hindustan Petroleum Corporation Limited
 - ✓ Indian Oil Corporation Limited

PRODUCT PROFILE ACROSS ALL SEGMENTS

- ☐ Automotive Lubricants (On & Off high way).
- ☐ Industrial e.g. Hydraulic oils, RP Oils, MW oils.
- ☐ Greases - Commodity greases to high performance including EP, water resistant, low Temp properties etc.
- ☐ Specialty products like Coolants / Brake fluids etc. Diesel exhaust fluid.

TECHNOLOGY PARTNERS

- ☐ Base oils - HPCL, NAYNAS, BPCL, IOCL.
- ☐ Additives & specialty chemicals - Lubrizol, Chevron Oronite, Afton, BASF, Functional etc.

OUR VISION

- Be the Dominant manufacturing Company with significant National & International presence, Integrated to lubricant and other petroleum Products.

QUALITY POLICY

- Indochem Oil India Ltd is engaged in the manufacturing, packaging, and marketing of automotive, industrial, and specialty lubricating greases.
- The company is fully committed to achieving customer satisfaction, continual improvement, and compliance with legislative and regulatory requirements through the effective implementation of Quality and Environmental Management Systems.
- We shall achieve this by:
 - > Communicating customer requirements throughout the organization.
 - > Establishing and reviewing demanding quality & environmental objectives and targets.
 - > Communicating and explaining Quality & Environmental Policy to all employees.
 - > Prevention of pollution and minimization of waste.
 - > Reviewing Quality & Environmental Policy for continuing suitability and making it available to interested parties / public on demand.

CREATIVITY & INNOVATION

01 CUSTOMER CENTRIC

We design products to satisfy customer needs without overdoing the things.
We always learn from customer's feedback for continuous evolving of our products.

02 PRICE SENSITIVE

Our products are price sensitive as we value for each and every penny of our customer.

03 VALUE FOR MONEY

We sell technology to make Equipment life Better, Longer, Smoother & comfortable Operation and hence value for money.

WORD FROM CEO

GREETINGS TO ALL ESTEEMED INTERNAL & EXTERNAL CUSTOMERS

I am proud to talk about our company “ INDOCHEM OIL INDIA LIMITED “ which began its journey in the year 1993, and have completed 31 years of a successful journey. Over the years the company have grown many folds in many respect, and the credit of our of success of long journey goes to our technology partners, service providers, our Dealers & Distributors, Our End User Inland & Foreign customers who have shown complete faith in our product line & technology, and our work force who have worked hard and have stood with us in all trying times and throughout this journey. We have believed in continuous up gradation in our product technology with the changing equipment designs in automotive and or industrial application requirements and adapting new processes to be able to service best product on most economical conditions. Our Ethical belief and work uprights been yet another strong reason for our continuous growth in terms of turn over and building confidence in our end user c customers in our product line. We want to be an admired company leveraging talent and technology, and be a preferred choice to the end users of our product line in the field of solid & liquid lubricants.

I & ON BEHALF OF OUR INDOCHEM TEAM WOULD LIKE TO THANK YOU ALL ONCE AGAIN TO HAVE GIVEN US THE PRIVILEGE OF BEING ALLIED WITH YOU AND WE SOLICIT YOUR CONTINUOUS PATRONAGE IN FUTURE AS WELL.

**ROSHAN LAL

INDUSTRIAL LUBRICANTS

Industrial Gear Oils

Excellent extreme pressure properties, Multigrade gear oils facilitate easy gear shifting especially at low ambient temperatures

-> **INDO MESH 68/100/150/220/320/460**

Rust Preventives

These are heavy duty gear oils meant for gears/ axles operating under various combinations of high-speed shock loads and low-speed.

-> **INDO RP- 901, RP- DW**

Quenching Oils

Multipurpose transmission fluid, designed for use in automatic gear boxes, where GM Type A suffix A or DX I are quoted.

-> **INDO QUINCH 20/ INDO QUINCH 20-HS**

Circulating & Hydraulic Oils

Premium synthetic Hydraulic brake fluid to withstand sever heat & moisture conditions. It has a very high reflux boiling point good fluidity & stability

-> **INDO ALPHA 32/46/68/100/150/220/320/460**

Heat Treatment Oils

They operate under sever conditions leading to generate higher temperatures specially in city stop-and-go conditions requiring frequent braking.

-> **INDO THERM-500/ INDO THERM-600/INDO THERM SPECIAL**

Turbine Oils

Transmission/differential/hydraulic fluid formulated from high quality base oil and a performance proven additive system.

-> **INDO TURBINE 32/46/68**

Refrigeration Oils

Exceptional low temperature fluidity, Excellent resistance to oxidation and high thermal stability, Durability of friction characteristics and wear protection.

-> **INDO TURBINE 68**

Rubber Process Oils

Designed using unique Dispersants detergents (UDD technology) to provide Advanced lubricant performance in modern, low emission diesel engines, including those with EGR.

-> **INDO-245/ INDO-541/ INDO-710**

INDO CUTTING OILS

>> **INDO CUT-S (SOLUBLE CUTTING OIL) INDO BROACH (STRAIGHT CUTTING OIL) INDO HONE-7**

INDO TEXTILE OILS

-> **INDO SPIN-5/12 (SPINDLE OIL) INDO SPIN-22 (SPINDLE OIL)
INDO KOON (KOONING OIL)**

Performance-driven industrial lubricants.
